

Have what
it takes to
help global
businesses?

Put your skills to the test with
our Global Business Challenge.

You've learned about how businesses work in your textbooks,
but does your knowledge of finance stack up in real-life situations?

Join the virtual CIMA® Global Business Challenge, where you'll work in teams
of four and role-play as management accountants. Your challenge: Help
global businesses survive various challenging situations. You'll produce a
business case and a report with your team to a panel of industry leaders.

The top 10 winning teams will get exclusive passes to the CGMA® Finance
Leadership Programme, which fast-tracks you to get the globally recognized
Chartered Global Management Accountant® (CGMA) designation.

The CIMA Global Business Challenge has been running since 2009, with
graduates from more than 20 countries around the world. This year, we've
arrived in Thailand and we can't wait to have you join us!

Grab your friends and save your spots before **Monday, July 19.**
